Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Sunday 14 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely dry with rain east Sunday afternoon and west Monday.

Today:
Today starting dry with sunny spells until mid-afternoon when a band of rain and drizzle moves in from the north. Largely restricted to the eastern half of the region. Winds remain strong but lighter than yesterday. Maximum temperature 11 deg C (52 deg F).

Tonight:
A largely dry evening and night, with clear spells. Any remaining rain from the afternoon soon clearing. Chance of outbreaks of rain or drizzle just before morning in Cornwall. Minimum temperature 5 deg C (41 deg F).

Monday:
Cornwall likely to see light rain and drizzle most of the day. Rest of the region mostly dry with the rare light shower. Sunny spells early but a cloudy afternoon. Maximum temperature 13 deg C (55 deg F).

Outlook for Tuesday to Thursday:
Early morning rain on Tuesday clearing eastwards, though perhaps lingering in places. Wednesday dry with sunny spells. Thursday may see early morning fog patches, with heavy showers moving in later.
